

The Resource Allocation Report in the AwareManager JXT is designed to be as flexible as possible. This report allows you to determine the total amount of resources required, based on your entered search criteria. The resources you can report on are Contacts, Equipment, and Materials.

Access this report from either the Operations menu on the Schedule List and select Resource Allocation Report, or go to the Reports capsule (located on the Administration tab) and navigate to the list of schedule reports to find the Resource Allocation Report.

Search window:

The search range can cause the report to be arranged by Contact, Equipment, or Materials.

Example of the Resource Allocation Report (sorted by Materials):
